AFTERNOON SESSION.

Two veto messages from the Governor were received by the Senate immediately after recess.

The first one read referred to Achi's bill providing for summary proceedings to recover land, returned without the signature of the Governor. Consideration was deferred owing to the absence of the introducer. This veto is as follows:

LAND BILL VETO.

To the Legislature of the Territory of Hawaii-

Herewith, I return Senate Bill No. 46, entitled "An Act to Amend Sections 2090, 2091 and 2093 of the Revised Laws of Hawaii, Relating to Summary Proceedings to Recover Possession of Land," without my signa-

I am unable to approve this bill for the reason that it would work a great injustice in many cases. There appears to be good reason for a demand for a change in our present law in connection with summary possession, but the present bill, in trying to remedy this defect, goes much too far, and in many cases would enable the landlord to get summary possession without even notifying the tenants living on the land that any suit had been

Take, for example, three tenants in common owning land on the Island of Hawaii, two of whom live on the land, and the other at Ewa, Oahu. Under wherein any defendant holds residence, and can be personally found and served with a process." Thus a suit for possession of the land on Hawaii could be brought in the District Court of

Now, by Section 2 of the Act, the only service required is that upon such defendants as can be found in the district wherein such action may be commenced. Thus the suit having been brought in the District of Ewa, service may be only upon the defendant in Ewa. The parties actually living on the land on Hawaii need not be notified at all. And yet by paragraph 5, Section 2, they are bound by the

result. There are other defects in the bill, especially as to the service upon agents, which can result in a man being deprived of property without ever knowing that suit was brought. G. R. CARTER,

Governor. Executive Chamber, March 29, 1905.

(Signed)

Then came the veto of the Quinn Sunday bill. On motion of Senator McCandless, action on the veto was deferred until

VETO SUSTAINED.

Achi having come in, the veto of his land recovery bill was again read. The introducer moved that the veto be sustained. On the ayes and noes the motion carried by unanimous vote of the fourteen members present.

THE COUNTY BILL.

The County Bill came up, on second reading, with the report of the special committee on Sections 13 and 30. On motion of Dowsett the report was

adopted. Paris moved for reconsideration of

Chapter IX-Salaries. This carried and on his separate motions the following changes were made: County clerk of Hawaii, w12t-, instead of \$1800; treasurer of Hawaii county, \$2,000, instead of \$1,800; deputy assessor and tax collector of Kau, the same officer of South Kona and the same of North Kona, each \$720 instead of \$960.

Achi moved to raise the salary of the deputy assessor and tax collector of Ewa from \$1,200 to \$1,500, which carried.

PAY OF SUPERVISORS.

McCandless moved to reconsider the provision making the salary of counsupervisors \$600 a year. On the motion being declared lost he called for a rising vote, when but three votes appeared for the motion and eight against.

THE COUNTY ELECTION.

McCangless moved an amendment to have the ballots white instead of green. He had been informed that the Secretary had ordered white paper. Car-

Paris moved to have the election on November 15, 1905, and the act go into effect on January 1, 1906. Achi said they would have money on
